- I. Old Business – Getting Set Up:
 - a. Membership – we have approximately 100 individuals who have signed up for the Corbin Workshop; we are not sure what percentage have signed up for membership as well.
 - i. There was a question about membership levels. In addition to regular membership, people can join as “associate” members. These people would be stake holders, but not school psychologists.
 - b. Application has been submitted
 - c. Logo – Michele has someone working on a logo. We discussed several great ideas.
 - d. Online Platform – Work on our website is in progress. Michele is looking for someone to manage the website. Barbara will check with Laura at SELPA for suggestions.
 - i. Michele would like to have everyone’s preferred email address.
- II. Workshop
 - a. The workshop will be recorded. A time-limited link will be sent to all paying participants (it will expire).
 - b. CEUs – not everyone had the CEU option when they signed up. We will need to check on this for people who want CEUs, but did not have the ability to sign up for them at registration.
